This includes the use of color, tonal values, contrast, composition choices, lighting, other technical elements, and style. All 5 images should look like they belong together.

 - Turn in your contact sheet in .jpg form.
4. You will take a minimum of 5 images through Camera RAW digital workflow.
5. You will turn in 5 prints.
6. You will make the 5 prints presentation ready. The minimum requirements for presentation are mounting and window mats on 11x14 (or larger) white or black mount board.
