

Topic: Portrait Lighting Styles

Points earned for completion of requirements below. No partial credit. Use complete sentences to answer all questions.

1. Review the PPT's related to Portrait Lighting Styles. They are all available at the link below or on the server. On the far right click on PPT links under "Related PPT"

<http://micajahteach.com/210/topic-portrait-lighting-styles/>

2. Read the article called:

"6 Portrait Lighting Patterns Every Photographer Should Know"

Here is the direct link (better):

<http://digital-photography-school.com/6-portrait-lighting-patterns-every-photographer-should-know>

or PDF version on class website:

<http://micajahteach.com/210/wp-content/uploads/sites/7/2014/03/6-Portrait-Lighting-Patterns-Every-Photographer-Should-Know.pdf>

Additional Resources are available on the class server.

3. On the internet or in magazines, find an example of a controlled lighting portrait with strobe or flash for each of these styles listed below. Label each photo according to it's portrait lighting style. In 1-3 complete sentences, describe why the photo you chose best fits that portrait lighting style:

- Broad
- Short
- Loop
- Butterfly
- Glamour / Beauty
- Rembrandt
- Rim

Note: You will use your example photos in a class exercise.
